

Riello Troubleshooters Workshop (FIR-14)
June 10, 2010 - 8:00 am - 4:30 pm Instructor - George Lanthier
F.W. Webb - 3091 Cold River Road - Rutland, VT
7 NORA CEUs & 6 VT Oilheat CEUs

This unique seminar will take you through how to troubleshoot Riello's residential oil burner line and keep them running reliably and profitability. Features detailed and concise information on setup and troubleshooting and how to profit from doing Riello oil burner service better than your competitors. This one day program will afford you a wealth of knowledge on Riello oil burner operation. All required training and service material are provided--including the new book 'The RIELLO Handbook, Third Edition.' Seats are limited and sold only on a first-paid, first-seated basis.

George Lanthier is a nationally known instructor and expert on oil burning equipment and HVAC trade issues. He has been a Massachusetts state certified instructor since 1975, a former Chief Instructor and Curriculum Coordinator for the New England Fuel Institute. George brings a veritable gold mine of real life experience and knowledge to the classroom. George has written articles for Contractor Canada, Oil heating, Fuel Oil News, Oil & Energy and HVAC insider, and has served on the Petroleum Marketing Education Foundation's Oil Heat Technician's Manual Editorial Steering Committee. His credits as an author also include Combustion & Oil Burning Equipment, The Riello Handbook, and the CMR 4 Guide. VFDA is pleased to bring this outstanding educational opportunity to Vermont.

Certificates: Suitable for framing, will be sent to all students completing the requirements of this seminar AFTER the seminar date. VFDA reserves the right to withhold certificates for students who depart prior to the end of the class or arrive late.
