

Wiring Hydronic Systems & Zones
June 9, 2010 - 8:00 am - 4:30 pm Instructor - George Lanthier
F.W. Webb - 80 Park Ave - Williston, VT
8 NORA CEUs

This seminar is just on hydronic control systems from the basics to the most advanced. Ideal for service technicians and installers, the seminar covers the correct design and troubleshooting of hydronic controls and the wiring of gravity, forced, and multi-zoned systems. **All required training and service materials are provided.** Clock thermostats, outdoor-reset and other energy savings control options will also be reviewed. Seats are limited and sold only on a first-paid, first-seated basis.

George Lanthier is a nationally known instructor and expert on oil burning equipment and HVAC trade issues. He has been a Massachusetts state certified instructor since 1975, a former Chief Instructor and Curriculum Coordinator for the New England Fuel Institute. George brings a veritable gold mine of real life experience and knowledge to the classroom. George has written articles for Contractor Canada, Oilheating, Fuel Oil News, Oil & Energy and HVAC Insider, and has served on the Petroleum Marketing Education Foundation's Oil Heat Technician's Manual Editorial Steering Committee. His credits as an author also include Combustion & Oil Burning Equipment, The Riello Handbook, and the CMR 4 Guide. VFDA is pleased to bring this outstanding educational opportunity to Vermont.

Certificates: Suitable for framing, will be sent to all students completing the requirements of this seminar AFTER the seminar date. VFDA reserves the right to withhold certificates for students who depart prior to the end of the class or arrive late.

THE DETAILS:

- Cancellation:** VFDA reserves the right to cancel any and all seminars for lack of registrations. Pre-registered students will be notified using the contact information contained in the completed registration form. Firms prepaid for cancelled seminars will receive a full refund.
- Directions:** For directions to the class location, please go to www.vfec.org
- Documentation Requirements:** There are no documentation requirements for this course.
- Late Arrival/Early Departure:** Please be on time for class. Certificates will only be issued to students completing all aspects of the class.
- Lunch:** On your own. You will have 30 minutes for lunch.
- Maximum:** Only 25 students will be allowed to attend this seminar.
- Absence:** Firms registering students who fail to attend without prior notice on or before the registration deadline date will be billed and held liable for the full amount tuition.

- Payment:** Checks may be payable to VFDA and must accompany registration form. If you are a member, registration can be secured with a credit card or billed to you.
- Registration Deadlines:** Advanced registration is required. Registrations must be received by the dates(s) noted. VFDA urges you to fax to early reserve seats. Registrations are processed in a "first come, first serve" basis.
- Sign-in:** Students attending must sign in with the instructor in order to receive a certificate. We ask that you please print clearly, illegible names will delay issuance of certificates.
- Walk-in or Late Registration:** VFDA does not, in any way, represent that it can accommodate walk-in students. VFDA will do its best to accommodate late registrants.
- Tuition:** *\$150 Members & \$225 Non-Members*
- Questions:** Please contact VFDA at (802) 223-7750 or email training@vermontfuel.com
